Commissioner for Patents  
Washington, D.C. 20231**PETITION TO ACCEPT EXECUTED DECLARATION AND POWER OF ATTORNEY BASED  
ON FAILURE TO RECEIVE NOTICE TO FILE MISSING PARTS**

Sir:

Applicant respectfully petitions that the attached Declaration and Power of Attorney executed by the inventors, and the attached Response to Notice to File Missing Parts be accepted and made of record in the above-referenced application.

Following a routine check of the file for this application in September 2001, the undersigned noticed that while a filing receipt for the application had been received from the United States Patent and Trademark Office (USPTO), there was no record of receiving a Notice to File Missing Parts.

This prompted me to direct Melissa Scanzillo of my office to place a telephone call to the U.S. Patent and Trademark Office inquiring about the status of the Notice to File Missing Parts. In response to our inquiry, on September 25, 2001, Ms. Elisha Evans from the USPTO sent to us by facsimile a courtesy copy of the Notice to File Missing Parts. The faxed notice bears a date of December 6, 2000.

A Notice of Abandonment has not been received in the office of the undersigned, and we have been informed by Ms. Doshic Day of the USPTO on February 20, 2002 that such a notice has not yet issued.

The undersigned has made a careful review of the file for this application, as well as a review of the records in the docketing system of the firm of Clifford Chance Rogers & Wells where receipt of such a notice would have been entered in the normal course of business, and has determined that the Notice to File Missing Parts was not received in the office of the undersigned attorney.

NYA 518307.2

Copies of the docket records where the Notice to File Missing Parts would have been entered had it been received and docketed are attached. Such records show the following:

- Exhibit A, printed on January 16, 2001, shows a docket entry for a status check of the filing receipt for January 6, 2001.
- Exhibit B, printed on February 17, 2001, shows that the docket entry status check for the filing receipt dated January 6, 2001 was closed out because a Filing Receipt dated December 6, 2000 had been received on February 17, 2001.
- Exhibit C, printed on March 9, 2001, shows no docket entry dated April 6, 2001 for a Response Due to a Notice to File Missing Parts. In the normal course of business, had a Notice to File Missing Parts dated December 6, 2000 been received, a Response Due, indicating that a response was due by April 6, 2001, would have been entered on the docket.
- Exhibit D, printed on June 4, 2001, shows no docket entry dated June 6, 2001 for a Response Due to a Notice to File Missing Parts. In the normal course of business, had a Notice to File Missing Parts dated December 6, 2000 been received, a Response Due, indicating that a response was due by June 6, 2001, would have been entered on the docket.

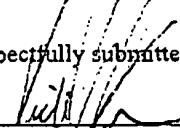

The undersigned also directed that a search be performed of the entire docket for entries dated December 6, 2000, or hearing due dates of June 6, 2001, as a check to see if the Notice to File Missing Parts was placed in the wrong file. That search revealed no docket entries bearing those dates.

Attached is a response to the Notice to File Missing Parts, including the executed Declaration and Power of Attorney. Applicants respectfully request that the Declaration and Power of Attorney be accepted and placed on file with the USPTO. The Commissioner is hereby authorized to charge any petition fee required with this request to Deposit Account No. 50-0521.
